Over the next week or two we will be upgrading our store and making some significant improvements to your shopping experience so things may look a little different, but rest assured they are changes for the better.

All customers that have made 25 separate orders (not 25 separate products) qualify for a 7.5% permanent discount on any future orders they make on this website.

Customers that think they qualify need to email me so I can verify the accuracy and assign them their own code. 10 orders of 1 uncleaned coin will not be accepted etc. This offer is subject to our fair use policy.

Protecting your Right to Collect Ancient Coins

Like previous years 2011 posed many challenges to collectors and at the forefront of protecting our rights to collect is the Ancient Coin Collectors Guild (ACCG).

The Ancient Coin Collectors Guild is a non-profit organization committed to promoting the free and independent collecting of coins from antiquity.

The goal of the guild is to foster an environment in which the general public can confidently and legally acquire and hold any numismatic item of historical interest regardless of date or place of origin.

If you would like to help further please [Join](#) the Ancient Coin Collectors Guild and help protect our hobby.

Fighting Forgeries of Ancient coins

There is a lot you can do to protect yourself from the scourge of our noble hobby.

Read as much as you can about forgeries. There are many books that can help you learn more about what to look for. Some of the most notable include;

[Classical Deceptions](#) by Wayne G Sayles
[Modern Counterfeits and Replicas of Ancient Greek and Roman Coins from Bulgaria](#) by I.Prokopov, K. Kissyov and E. Paunov

If you are unable to spend money on books there are a number of FREE websites that you can look at and ask questions of likeminded people who are fighting the war on forgeries.

Some of these include;

[The Forgery Network Forum](#)

[The Coin Forgery Discussion List](#) – A free to join Yahoo Group. If you don't have a yahoo account it is highly worth your while to sign up for a [Free](#) one just to join this list!

[Ancients.info](#) - The online resource for Ancient Coins & Antiquities. This is a list where you can register and discuss forgeries but also post pictures of your own authentic coins to share with other collectors.

This Free website is a fantastic place to help you reference, identify and value your coins and it includes a massive database of Ancient Roman, Greek, Celtic, English and Byzantine coin images.

You will find a number of coins I have sold or are selling listed on there!

The site is administered by Dane Kurth and is an essential resource for collectors!

Thank you for supporting my store and I look forward to dealing with you in 2012 and beyond!
